Design Details - Tips To Make Your Garments Look Professional:

Are you ready to make that perfect garment but afraid that it will look homemade? Many times the pattern directions are confusing and give poor results. The difference between "just OK" and "fabulous" are often simple techniques in stitching, pressing and products. This class will show you many tricks-of-the-trade to make your garments look professional. Master designer hems, serged French seams, perfect darts and collars, smooth facings, sew-in elastics and much more! The binder with directions for all the techniques will be included!

Upcycle T-Shirts, Polo's, Sweaters and More!

Do you have collections of over-sized T-shirts from vacations, activities, concerts, etc? What about ill-fitting polo's, sweaters, hoodies and knit tops? Thanks to the T-Shirt Makeover technique, you can take those items and turn them into fitted and stylish tops you'll be proud to wear anywhere. The technique is simple, fast and easy to learn - even for a beginner. In no time you could have nice fitting garments from ready-to-wear items you already own! Bring note taking supplies.

September 6th - 9:00am-5:00pm

The Perfect T-Shirt - Hands-On Class

The Perfect T-Shirt

You probably think of a t-shirt as that comfy top you throw on to do the housework. In reality, a nice fitting t-shirt can be the most versatile top in your wardrobe. This selection from Pamela's Patterns addresses all the fitting issues women face (rounded shoulders and back, full bust, hip room, etc.), and gives you a t-shirt you'll be proud to wear anywhere! Make it casual, dressy, or anything in between. You'll use this pattern over and over again! Bring your sewing machine or serger and let Pamela help you find the perfect fit for you!

Pamela Leggett

Pamela Leggett has been teaching sewing since 1981. Specializing in pattern fitting, fine garment sewing skills, knits and serging she has developed a fun and informative teaching style that is available in her patterns and instructional DVD's.

One of Pamela's passions is creating garments that flatter and fit the wearer. Her desire to teach others to achieve the perfect fit led her to the Palmer/Pletsch pattern fitting method, which she has used to help hundreds of women successfully achieve good fit and a renewed love of garment sewing. It is with this vast knowledge that she created Pamela's Patterns, which have many fitting solutions and adjustments built in the patterns.

Pamela's Patterns have been reviewed and featured in magazines and on-line review sites. Pamela is a contributing writer, book author and DVD personality for Threads Magazine, an instructor for Craftsy online classes, director of the Palmer/Pletsch Philadelphia & Connecticut Sewing Workshops.
