

## The Perfect T-Shirt

*Pamela Leggett, Instructor*

You probably think of a t-shirt as that comfy top you throw on to do the housework. In reality, a nice fitting t-shirt can be the most versatile top in your wardrobe. This selection from Pamela's Patterns addresses all the fitting issues women face (rounded shoulders and back, full bust, hip room, etc.), and gives you a t-shirt you'll be proud to wear anywhere! Make it casual, dressy, or anything in between. You'll use this pattern over and over again!

### Supply List:

- Sewing Machine
- Serger, threaded for a four thread serge (optional)
- Basic supplies including pins, tape measure, seam ripper, marking pen/chalk, small sharp scissors.
- Scotch Tape in a weighted dispenser, if possible
- Edge-stitching or edge-joining foot (if you own one)
- 1 5/8 yards knit fabric, pre-washed.
- Matching thread
- Pamela's Pattern #104 The Perfect T-Shirt
- Rotary cutter, large mat (at least 30"X36") and weights, if you own them. For weights, I use washers from the hardware store
- Stretch needles, either 75/11 or 90/14
- Wear a camisole or tank top

**TIP:** Give your fabric the "stretch" test. Stretch the fabric on the crosswise grain. If it doesn't fully recover to the original size, don't use it!! Good fabric is always a good investment! Check out my website for more info on selecting and using knits. Click on my links page to check out my favorite online sites! <http://www.pamelaspatterns.com/pamelas-favorite-links>

Don't hesitate to email me if you have any questions prior to the class.
