

**Pants...Perfected! ~ your pant fitting solution ~**  
**Pamela Leggett, Instructor** [Pamela@pamelaspatterns.com](mailto:Pamela@pamelaspatterns.com)

Great fitting pants are within your reach with Pants... Perfected! Pamela has addressed the issues many women face when trying to fit pants such as baggy back legs, waistbands that don't fit, darts that pull and crotch seams that are never in the right place. You'll learn how to achieve a great fit using "tissue fitting" and professional sewing construction techniques. During the workshop you will construct a pair of Classic Pants from woven fabric or Magic Pants from stretch woven fabric that will fit beautifully! **Pattern/DVD Combo - \$32.00 (included with your workshop)**

**Supply List for Classic Pants**

Get ready to make a great fitting classic tailored pant! These pants feature a fly front zipper and fitted waistband. Even though two days seems like a lot of time, you may not completely finish. All your fitting challenges will be addressed and conquered, and any finish work will be demonstrated and discussed prior to leaving.

- 2.5 yards of bottom weight **WOVEN** fabric. Even though the first pair is a "test" pair, the fabric should be of good quality with little to no stretch and a nice drape. Preshrinking or steaming fabric is desirable, but not always necessary. If you need more info on this, email Pamela. It's OK to bring more than one fabric if you have it, Pamela will help you choose the best one!
- Thread to match
- 12" or longer zipper. Pamela will be showing you the Foolproof Fly Front Zipper.
- Fantastic Elastic and Perfect Fuse Light interfacing (available at the workshop)

### **Supply List for Magic Pants**

What are Magic Pants? Only the most comfortable and slimming elastic waist pant ever! They are made from stretch woven fabric and feature a smooth waist finish with Fantastic Elastic. Working with stretch woven fabric is very different than working with woven – they have some specific rules all their own. You will finish one pair and start another during the workshop!

- 2.5 yds of bottom weight stretch woven fabric with at least 20% stretch. It is essential to prewash and dry the fabric prior to class. You will be able to finish one pair and start another during the workshop, so bring at least two pieces with you!
- Thread to match
- Fantastic Elastic (available at the workshop)

### **Everyone Bring**

- Basic sewing supplies including scissors, rotary cutter, lots of pins, tape measure, marking chalk, 18"/24" ruler
- Cutting mat – at least 30" X 36". If you don't have one this large, you will cut out the pattern and fabric with scissors.
- Mechanical pencil and a red pencil or pen (Pamela's favorite – Flair markers by Paper Mate)
- Optional Pants for Real People by Patti Palmer and Perfect Pattern Paper by Palmer/Pletsch. (Pamela will bring these to class.)
- Scotch tape in a weighted dispenser
- Sewing machine – you will need your zig zag foot and zipper foot
- Serger – optional, but nice to have! You will only need this for the second day.

### **What to Wear to the Workshop:**

- For the first day, please wear tights, stockings and /or good underwear that do not leave a dent in your tummy area. You will be stripping down in front of everyone and I don't want you to feel uncomfortable! Also bring a robe or a long T-shirt if you don't want to sew in your underwear - you will be changing in and out of your pants a lot! Slip on shoes are also helpful.
- For the second day you will not need tights or stockings.
