International Educator & Designer, Doneelle McAdams

Donelle McAdams is a quilt maker, teacher, and designer of popular patterns and tools. Previously a Family and Consumer Sciences Teacher, she has owned a quilt shop for over 35 years. As a Promoted Educator for Westalee/Sew Steady, Donelle teaches Westalee Ruler Work classes internationally. She is the designer of Quick Easy Mitered Binding and Border Tools. Her love & enthusiasm for sewing and quilting is infectious; taking a class with Donelle is guaranteed to be information-packed, inspirational, and FUN!

Basic Beginner Lecture, Demo, Trunk Show - 9:30am-12:30pm

If you have never tried Free Motion Quilting, love to Free Motion Quilt or even hate Free Motion Quilting - you MUST see the new Westalee Free Motion Quilting Templates and ruler foot. Join Donelle McAdams, Westalee Educator, as she shows you why she fell in LOVE with Free Motion Quilting after divorcing it 14 years ago! "I hated it and after many tries, I simply said - that's it! After playing for 30 minutes with the Westalee Templates, I was totally sold! There is no guessing when you are using templates. It's like have training wheels" states Donelle. Donelle will also be showing the Circle Sewing features of the Sew Steady Wish Table and you will have the opportunity see a Trunk Show of projects that feature Circle Sewing and quilting with the Westalee Templates.

Hands-on with Westalee Designs Templates "Getting to Know You!" 2:00pm-5:00pm

After the morning lecture, you will be ready to try your hand at template quilting. This is the perfect start to experimenting with the templates. We will work through the templates in the Sampler Set 1 and before you know it, you will be having a great time and feel comfortable, too! Each student will bring their own sewing machine and Sew Steady Extension Table to class and will be expected to have supplies needed for the class.

Hands-on Morning Tote Project and Afternoon Borders & Beyond 10:00 am-4:00 pm

Morning: We will be making a project bag to store your Sampler Set 1 Templates. This class is for anyone who attended Day 1 or who has previously experienced the templates. You will not only love the project for it's many uses, but Template Quilting is HOT, HOT, HOT and you are sure to become addicted as you experience the FUN and EASE of template quilting.

After Lunch: Templates can be used in a so many ways and in this hands-on class, we will work with the Sampler Set 1 Templates to create borders and learn how to work with different placement options, mitering designs, and much more. Additional Border Templates will be experienced as we go 'beyond the border'. This class is hands-on; however, there is no project.
